

### **Sliding scale for self-paying clients**

Payment is due at the time of service. If paying by insurance, any copays are due at the time of service. There is a \$40 fee for returned checks, added to your overall bill. Sliding scales are available on an individual basis, pending determination of financial need. Proof of financial need will be documented and reviewed on a *quarterly basis*.

- a. The sliding scale for paying out-of-pocket is as follows and subject to revision on an annual basis:
  - i. **100%** of full price per 50-minute session: \$125 (no demonstrated financial need, out-of-pocket cost)
  - ii. **75%** of full price per 50-minute session: \$93.75 (some demonstrated financial need, but not financial hardship, out-of-pocket cost)
  - iii. **50%** of full price per 50-minute session: \$62.50 (demonstrated financial need, some financial hardship, out-of-pocket cost)
  - iv. **25%** of full price per 50-minute session: \$31.25 (demonstrated financial need, severe financial hardship, out-of-pocket cost)

**Demonstrated financial need is determined by percentage of weekly take-home pay as demonstrated on official pay stub. Situations that might not fit this standard (no steady job, disruption in job, dispute with employer, etc.) can be reviewed and determined on an individual basis, pending clinical supervision approval.**
